Dear Andreas

My apologies for not responding sooner - both your emails of 9th September and 20th October were directed into my 'junk mail' rather than my inbox (see screenprint attached).

In response to your follow-up enquiry of 9th September 2021, please find attached an up-dated table of Finance Committee (FRC) and Governing Body (GB) meetings relevant to the subject. I also attach the paper that went to the Finance Committee meeting on 29th September 2021 which I believe addresses your point B) in your email of 9 September 2021.

Happy to discuss further

Best wishes

Gary

Subject: Re: FOI Request: Meeting Minutes, after 11 March 2021

Dear Gary,

Friendly ping.

There has been neither response nor acknowledgement so far. Yet, we're well beyond the 20 business days allowed for an official response.

I'll reach out to the ICO to clarify the validity of my FOI request and the lack of official response from the University.

I'll appreciate your reply. My thanks in advance.

Best wishes,
Andreas

Dear Gary Walker,

I hope you are well. This is Andreas Kirsch. I am writing to request, under the terms of the Freedom of Information Act, the following records as follow-up to my earlier FOI from March this year.

TL;DR: Meeting minutes and papers similar to the request from 11 March 2021, after the last request, so 10 March 2021, and see B) please.

A) The relevant dates begin on 11 March 2020 and end on the date you finalize your response to this request (with reasonable leeway of course). The records hereby concern:

1. the dates of any meetings of the relevant bodies;
2. the minutes of any meetings of the relevant bodies;
3. the meeting papers of any meetings of the relevant bodies, where meeting papers are those papers circulated to members of the relevant bodies before or during a meeting for discussion at that meeting; and the composition of the relevant bodies if they deviate from the publicly available information in the yearly report.

The relevant bodies are:

- * Kellogg College Governing Body; and
- * Kellogg College Finance and Resources Committee.

B) Whether Kellogg College has finalized its dealings with the investigation and disciplinary enquiry such that it can be assumed in good faith that the topic has been dealt with.

The request is in regards to <https://oxfordwhisperer.uk/kellogg/mcr/2020/07/kellogg-ball-president-reimbursement/>. How Kellogg College as a Society of the University deals with potential financial improprieties is of public interest given the status of the University of Oxford as a charity.

From the reply to the FOI request from 11 March 2021, it seems that the matter had not been resolved yet but was about to be resolved in the near future. Half a year has passed since, so it can be assumed this request is sufficiently late to avoid further requests and work for the public authority.

B) is specifically with the aim to avoid further such requests.

Please let me know if you have any questions.

Thanks and best wishes,
Andreas
